

(c) The persons must have technical degree or diploma after 10 or 12 years of schooling indicating their field of specialization and specialized job they would do on the project.

(d) If the project is very big and 1% exceeds 20, the company will have to send the details of all such persons with the details of technical qualifications and skills and the nature of specialized job which they are required to do on the project.

4. Only applications of persons falling in para 3(d) above seeking visas, may be forwarded to the Ministry of Labour & Employment for clearance. All other applications falling in category of 1% subject to a maximum of 20 may be cleared by the Missions at their level.

5. The issue of putting relevant provision in Contract Labour Act (Para 12(iii) of the minutes) will be examined separately and decision taken in the matter will be communicated subsequently.
